PRACTICAL INFORMATION

Before your stay

* VISA

If you are a non-EU student and your stay in Spain is longer than 90 days, you will need to apply for a student visa at the Spanish Embassy or Consulate in your country of origin or residence.

Once accepted, you will receive an Acceptance Letter to support your visa application.

* HEALTH INSURANCE

If you are coming to study with us, you may access preferential health insurance options, through [RibéSalat](#), a broker specialised in international students.

For study stays longer than three months, you will need valid health insurance that meets the visa requirements: comprehensive coverage with no co-payments or waiting periods, valid certification for visa applications within 24 hours, and the option to extend coverage with travel assistance, as offered by RibéSalat.

This coverage meets the requirements for international students during their stay in Spain.

While you are in Madrid

* ACOMMODATION

Accommodation is arranged independently by students. A recommended accommodation list is provided by UNIE. The International Office will provide incoming students with a document that has suggestions to assist them in their housing search.
